

Bringing the World into Your Classroom . . .

GLEANINGS FROM GLENS FALLS

Teaching world affairs

. . . for all grade levels, K through 12

. . . for all subjects, art to zoology

Following up on the original and exciting Glens Falls concepts, this new bulletin, NCSS Curriculum Series Number 13, shows from actual classroom samples "how" world affairs can be introduced at all levels and in all subjects. Classroom teachers can use these units as they are or take ideas from them and create an adventure in world affairs that is uniquely their own. Many photographs and drawings illustrate this wonderful experience in wider horizons.
